

Portage County Solid Waste Department's Mission: to protect and preserve the county, state and world environment by:

- ~ Ensuring that the citizens of Portage County , Wisconsin, have reliable, affordable and safe solid waste disposal and recycling options, and providing an economically sound alternative to privately owned operators
- ~ Assisting member municipalities to ensure their best interests are protected, their needs are met, and their concerns are addressed
- ~ Acting as good neighbors to those who live near our facilities, while keeping associated waste facility concerns to a minimum
- ~ Broadly disseminating solid waste and recycling information
- ~ Providing educational tools to encourage citizens to "reduce, reuse and recycle"
- ~ Continuing to grow, change and prosper within an ever-evolving solid waste industry.
